Accessibility Plan 2023

It is a requirement under the Equality Act 2010 for schools to have an accessibility plan.

Each child who joins our school community will be welcomed and valued regardless of sex, race, belief, physical disability or learning difficulty. At Hilderthorpe Primary School, pupil achievement is celebrated in a pupil-centred teaching and learning environment and excellent achievement at school enables pupils to be as independent as possible enabling them to make the most of opportunities when they leave school.

The purpose of the accessibility plan is to ensure that all pupils have access to education in the three areas required by the planning duties in the Equality Act 2010.

1. Increasing the extent to which pupils with disabilities can participate in the school curriculum;
2. Improving the environment of the school to increase the extent to which pupils with disabilities can take advantage of education and associated services;
3. Improving information delivery to pupils with disabilities.

The governing body also recognises its responsibilities towards employees with disabilities, and will:

1. Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities.
2. Ensure that employees with disabilities are supported with special provision as appropriate to ensure that they can carry out their work effectively without barriers
3. Undertake reasonable adjustments to enable staff to access the workplace.

Definition of disability under the Equality Act 2010

You are disabled under the Equality Act 2010 if you have a physical or mental impairment that has a 'substantial' and 'long term' negative effect on your ability to do normal daily activities.
