

GENERAL

We will have parent's evenings this half term on 20th and 21st March. **World Book Day is on Thursday 7th March.** All Y3/4 children will be working towards an Easter Performance for 21st March at Emmanuel Church. We break for Easter on 22nd March.

MATHS - We will be revisiting decimals and their link to fractions, adding and subtracting amounts of money. Other work will include mental and formal written methods for all four operations, measuring, shape and perimeters along with ongoing mental maths skills and problem solving.

ICT - In the topic this half term, children will be designing a logo, using different fonts, styles and programmes to get creative and make something individual.

GEOGRAPHY - Children will be looking at the countries of the United Kingdom. They will be learning specifically about how the port of Bridlington helps the economy in this local area and whether the UK is influenced by other countries.

FRENCH - This will be all about sports and the games that they play.

Newsletter

Year 4

SPRING 2

LITERACY - We are reading Charlie and the Chocolate Factory this half term- the children will invent a new sweet or chocolate, have fun with inventing words and phrases and dive into the world of Roald Dahl's imagination. We are sure the children will love this unit and have lots to tell you about it.

SCIENCE- We will start a new topic called 'Who am I?' in which children learn to classify and identify different living creatures.

R.E. - Children continue to look at different people who inspire us from a variety of religious and non-religious backgrounds as well as discover who the different Saints are and what they represent.

HOMEWORK

Reading remains a key focus for children in Year 4 and we would appreciate it if you would continue to read regularly with your child.

Times tables are now vital knowledge for the children- they need to be practicing TT Rockstars as much as possible as well as having a go at the times tables songs online to try and learn them.

PE - Our PE lessons remain on a Tuesday- we are going to be trying out our gymnastic skills and learning all about 'flight' as well as the invasion game of hockey.

DT- Children will be making a slingshot car this half term, using elastic and creating an outer shell to make it look streamline and effective.
